Volume 18

	Page
Alexander-Jackson, Eleanor	37
Aptekman, Paul M.	1
Baker, G. A.	137
Baum, S. J.	79
Bonner, John T.	135
Carpenter, Lawrence E.	207
Diller, Irene Corey	258, 259
England, David C.	207
Gray, Peter	258
Green, Elizabeth Ufford	187
Grosch, Daniel S.	191
Kenshalo, D. R.	13
Kimeldorf, D. J.	79
Latimer, Homer B.	71
Lewis, Margaret Reed	1, 97, 167
Lewis, Warren H.	188
Mankowski, Zbigniew T.	177
Mayer, William V.	53
Meredith, Howard V.	111
Miller, Elizabeth E.	1, 145
Pace, N.	27
Roche, Edward T.	53
Seibert, Florence B.	1, 145
Seibert, Mabel V.	1, 145
Smith, A. H.	27
Soto-Figueroa, Eva	1, 145
Sparrow, Arnold H.	257
Sullivan, Robert L.	191
Toney, Marcellus E., Jr.	215
Welander, Arthur D.	227
White, Philip R.	188
Wilson, W. O.	27
Winters, Laurence M.	207

Subject Index

	Page
Acid-fast organisms, isolation of	41
Acid-fast organisms, staining of	43
Acid-fast organisms in cancer	38
Adrenal in exercised rats	88
Agrobacter tumefaciens	48-49
Alexander-Jackson, sensitive peptone broth	39
Alexander-Jackson's triple stain	44
Alien strain lymphoma in rats	172
Almonds, growth measurement of	142
Amino nitrogen in neoplastic tissues	149
Anomalies in irradiated trout	244-45-46
Antiseptic, The (Book review)	259
Atypical wasps reared on radioactive hosts	199
B. coli, influence of carcinogen on	181
B. mesentericus, influence of carcinogen on	181
Bacteria, detection of amino acids in	148
Basal metabolic rate of young rats	18
Basic Mechanisms in Radiobiology (Book review)	257
Biological tests of alcoholic extracts of rat neoplasms	7
Bizygomatic diameter, correlations involving	130
Bizygomatic diameter, increment analyses of	128-129
Bizygomatic diameter, means for	113
Bizygomatic diameter of individuals	125
Bizygomatic diameter of odontic groups	124
Bizygomatic face breadth in childhood	111
Blood fractions of lymphoma-producing material	105-6
Body proportions of irradiated trout	241
Body weight of exercised rats	84
Book reviews	135, 187, 188, 257, 258, 259
Cancer, microorganism isolated from	37
Candida albicans	178
Cell types in pituitary gland	217
Chemical composition of normal muscle	1
Chick embryo agar	40

Page
Chicken leukosis 97
Chromatographic analysis of muscle tissue extracts 152
Chromatographic analysis of sarcoma extract 153-155
Chromatography of neoplastic tissues 147
Comparison of amino acid content of normal and neoplastic tissue 151
Comparison of amino acid concentration in unhydrolized and hydrolized tissue extracts 156
Comparison of chemical composition of neoplastic tissues 1
Comparison of pituitary, thyroid, and adrenal glands in rats 25
Concentration of chemical constituents of rat neoplasms 5
Correlation coefficients 142
Cultivation of Animal and Plant Cells, The (Book review) 188
Cumulative mortality after irradiation 235
Development of anterior pituitary in the frog 215
Development of trout embryos during radiation 230-31
Developmental pattern in the squirrel 53
Developmental stages of frog pituitary 221
1-2-5-6 Dibenzanthracens-9:10-endosuccinate, influence on growth of micro-organisms 177
Dog thymus 71
Dorsal fin in irradiated trout 243
Drosophila melanogaster 201
Dynamics of Growth Processes (Book Review) 135
Eclosion of *Habrobracon* after ingestion of radio-phosphorus 197
Effect of exercise on growth of rats 79
Effect of high altitude on growth of turkeys 27
Effect of maternal hypo- and hyper-thydroidism on metabolism of offspring . 13
Effect of x-irradiation on embryonic stages 227
Effect of x-irradiation on growth of rats 79
Effects of repeated exhaustive exercise on rats 90
Effects of total body x-irradiation on rats 91
Embryonic stages of rainbow trout 252
Embryonic stages of the trout, effect of x-irradiation on 227
Endocrine gland weights in albino rats 13
Ephestia kühniella 192
Escherichia coli 148
Escherichia coli mutants in identification of amino acids 158
Face breadth during childhood 111
Facial measurements, composite and comparative findings 118-119
Factor analysis of relative growth 137
Farrowing and survival data on miniature pigs 210
Fetal growth curves 75
Frog pituitary gland 215
Fundulus 240
Gland weight in rats 21, 22
Gluteus maximus muscle of rats 84
Ground squirrel 53
Growth, effect of altitude on 27
developmental 53, 221, 230, 231
factor analysis of 137
normal variation in 126
organ and body, in rats 79
prenatal 71
Growth and development of the Barrow ground squirrel 55, 57
Growth curves, rat 19, 79
for head breadth and upper face breadth 120
of thymus 75
of turkeys 31
Growth measurement of almonds 142

Page

Growth of albino rats 13
" " *B. subtilis* 183
" " dog thymus 71
" " *Habrobracon* 191
" " human face 111
" " irradiated trout embryos 237
" " microorganisms 177
" " yeast, influence of alcohol on 179
Growth rates of young ground squirrels 63-64
Habrobracon, growth on radioactive host larvae 191
Habrobracon juglandis 191
Hatchability of *Habrobracon* egg on radioactive hosts 193
Heart in exercised rats 86
Histology of pituitary gland 215
Hypo- and hyper-thyroidy in albino rats 13
Influence of carcinogenic substance on growth of *B. subtilis* 183
Influence of one transplanted neoplasm upon another 167
Kidney of exercised rats 84
Lewis rat lymphoma 97
Life span of *Habrobracon* males 200
Lymphoma, effect of low temperature on 102-3
Lymphoma, injection of, in rats 101
Lymphoma, rat 97
Mammalian lymphosarcoma 97
Mean body and organ weights of rats 20, 82-83
Mean relative weights of organs in turkeys 32
Media, for growth of acid-fast organisms 39
Method of breeding miniature swine 207
Micromotist's Formulary and Guide, The (Book review) 258
Microorganism from cancer 37
Microorganism from cancer, morphology of 45
Microorganism from human cancer, growth stages 42
Microorganism from plant cancer 48
Microorganisms treated with water soluble carcinogens 177
Miniature swine, development of 207
Mortality of trout treated with x-rays 253
Mouse ascites tumors in inbred rats 169
Muscle extracts 145
Mycobacterium leprae 47
Mycobacterium tuberculosis 44, 46
Myxoma 97
Native sarcoma in rats 172
Neoplasms, blood borne 97
Neoplasms, rat 1, 2
Neoplastic cells in blood 98
Neoplastic tissue, alcoholic extracts of 1, 145
amino-acid composition of 145
free ammonia in 149
nitrogen content of 149
paper electrophoresis 148
Nitrogen analyses of neoplastic tissue 147
Normal muscle, alcoholic extracts of 1
Normal variation in growth 126
Norms for bizygomatic diameter 122, 123
Peaches, linear measurement of 138-141
Per cent change in body and organ weight of rats under x-irradiation . . 85
Per cent change in weights of spleen and thymus following x-irradiation . . 87
Perosis in turkeys 34
Pigmentation of irradiated embryos 241
Pituitary in exercised rats 88

Page

Pituitary gland, cell types in 216
Post irradiation exhaustive exercise, effects of 92
Potency of tumor extract in production of tumor regression 8
Pupation of haploid larvae 196
Radiation dosage 233
Radio-phosphorus, effect on growth of *Habrobracon* eggs 204
Rainbow trout 228
Rana pipens 216
Rat growth, effect of thyroidism in 13
Rat neoplasms 167
ascorbic acid content 4
ash content of 4
carbohydrate content of 3
cholesterol content of 4
lactic acid content of 4
nitrogen content of 3
sialic acid in 7
solid weight determinations 3
Rat sarcomas 145-163
Rats, body growth of 79
organ growth of 79
Rats implanted with lymphoma 98
Reduction in organ weight as a function of x-ray dosage 93
Relation of co-efficient of divergence to dose in roentgens 249
Relation of temperature to development of rainbow trout 232
Relationship of body length, head and eye of irradiated trout 239
Resistance of rats injected with ascites tumors 170
Retardation in growth of irradiated trout 253
Saccharomyces cerevisiae 179
Salmo gairdneraii 227
Sarcomas, implanted in rats 171
rat 145
Sensitive peptone broth for growth of microorganisms 39
Slow and rapid growth of face 127
Sequelae of rearing *Habrobracon* on radioactive hosts 191
Spermophilus beecheyi 58
Spermophilus columbianus 58
Spermophilus tridecen 58
Spermophilus tron 60
Spermophilus undulatus 53
Spleen in exercised rats 86
Staining methods for acid-fast organism 43
Symposium on Effects of Radiation and other Deleterious Agents on Embryonic Development (Book review) 187
Testis in exercised rats 88
Torulopsis utilis 178
Thymus in exercised rats 86
Thymus, weight of 73-74
Thyroid in exercised rats 88
Tumor producing agents 100
Variability in bizygomatic diameter 121
Variability of facial measurements in white children 114, 116, 117
Weight changes in the ground squirrel 57
of adult ground squirrels 59
of ground squirrels according to sex 58
Weight of breeding groups of miniature pigs 210
Wuerthele-Caspe's chick embryo agar 40
X-irradiation, effects of 91
X-ray dose, time and temperature units 236
Yeast, influence of alcohol on growth 179
